

EDDIE JORDAN RECOMMENDS WILLIAMS DIESELJET FOR NEW SUNSEEKER 155 YACHT

Williams Jet Tenders, the world's leading jet tender manufacturer, is delighted to have delivered a brand new Dieseljet model to the family trust of Formula One's Eddie Jordan. The trust has taken delivery of the superyacht tender which has been beautifully matched to its Sunseeker 155 Yacht, 'Blush'.

The Dieseljet 625 is the trust's third Williams tender and the team has worked closely with OEM partner, Sunseeker, to create the tender. Working with Holmes Interiors, the tender matches Blush with stunning silver and ice blue fabrics and finishes. The team also assisted with the development of the garaging for the tender, which includes a single point lift system fitted to the Dieseljet.

Eddie Jordan commented: "I have always been impressed with the Williams tenders and am delighted with the Dieseljet 625 that has been created for Blush. It needed to be a reliable, dry riding and safe performance watersports workhorse and the 625 completely fits the bill."

This tender has been custom made to fit 'Blush' and complement the superyacht aesthetically, and Eddie is thrilled with the finished product: "I know exceptional performance when I see it, and that's exactly what Williams has delivered."
