# We make the world's leading jet tenders so you can make the memories.

Since we launched our first boat in 1996, we have been changing the game and challenging the boundaries of boat building. Today, we are recognised as the pioneers of luxury, high-performance jet tenders... and we're just getting started.

Compelled by a desire to explore, we remain dedicated to evolving our craft through cutting-edge technologies, materials and processes that are fit for the future.

Built with passion, unrivalled expertise and exceptional craftsmanship, our boats are made to give you memorable moments on the water.

**Discover the joy.**

We are evolving our  
craft for a better future  
and we want you to  
share the journey.

# Small but perfect package.

## MINIJET

Introducing the MiniJet – Williams' unmatched performance, reliability and stability distilled into one small but perfect package.

Lightweight and compact, the MiniJet fits any garage and many platforms of yachts 11m+. This means more yacht owners can experience the quality, comfort and sheer adrenaline rush they expect from a Williams tender – but in a size they might not.

# Made for each other.

The world's best yachts are built with Williams in mind, making our jet tenders a seamless extension of your onboard life, designed to fit and perform exactly how you need them to.

Our long-standing relationship with yacht builders means our tenders fit seamlessly with their garage systems, ensuring style, practicality and performance come as standard, but the experience of a Williams tender remains uniquely special.

## Small but mighty.

All thrills, no spills with innovative, splash-proof design.

Nothing compares to the thrill of getting behind the MiniJet's wheel. Powered by a highly efficient BRP Rotax Ace 900 engine, it will easily hit 38mph (61kph) – rare for tenders this size.

Because you're low to the water, you'll revel in every high-speed twist and turn. But thanks to its smart hull design, you can put the power down with confident, assured handling, so it's all thrills and no spills for you and up to two other passengers.

Power, precision  
and performance  
come as standard.  
The adventure is  
in your hands.

---

High-performance, powerful and  
fuel-efficient BRP Rotax engine.

---

Safe, high-torque jet propulsion system  
with no exposed propeller.

---

Delivers pinpoint accuracy at  
high or low speeds

---

BRP dashboard with detailed  
telemetry keeps you in the know.

---

Power limiter switch helps new drivers  
learn the ropes safely.

---

Incredibly durable Hypalon tubes ensure  
your MiniJet stands the test of time.

---

# MINIJET 280

Where other smaller tenders have to make concessions between size and performance, the MiniJet doesn't. Light, nimble and with super-responsive, pinpoint steering, it's just about the most fun you can have on the sea.

Made using durable hypalon fabric tubing, the MiniJet 280 is built to stand the test of time, proving that being small doesn't have to be a compromise.

## SPECIFICATION

### LOA

2.79m / 9ft 2in

### BEAM

1.54m / 5ft 1in

### DRY WEIGHT

227kg / 500lb

### ENGINE

60hp BRP Rotax ACE Engine

### SEATING

3 + 1 persons

### OVERALL HEIGHT

0.83m / 2ft 8in, 0.71m / 2ft 4in low profile setting

### FUEL CAPACITY

28 litres / 7.4 US gal

### MAX. SPEED

64kph / 40mph

### TYPICAL FITMENT

11m+ / 38ft+ Yachts

## STANDARD FEATURES

Vinyl upholstery

BRP multifunction display

Forward Facing Helm Seat

Bow U-bolt

Footpump

Automatic fire extinguisher

Single Lever Throttle / Shift Control
