

DIESELJET

Discover the joy.

DIESELJET

We make the world's leading jet tenders so you can make the memories.

Since we launched our first boat in 1996, we have been changing the game and challenging the boundaries of boat building. Today, we are recognised as the pioneers of luxury, high-performance jet tenders... and we're just getting started.

Compelled by a desire to explore, we remain dedicated to evolving our craft through cutting-edge technologies, materials and processes that are fit for the future.

Built with passion, unrivalled expertise and exceptional craftsmanship, our boats are made to give you memorable moments on the water.

Discover the joy.

We are evolving our
craft for a better future
and we want you to
share the journey.

Arrive in style.

DIESELJET

When it comes to the perfect getaway, it's not just about the destination, it's also about the journey. We designed the DieselJet to be as sleek and stylish as it is spacious and practical, so your guests will be just as impressed with how it looks as they are with how it rides.

The DieselJet's ergonomic seats and sumptuous upholstery guarantees you the most comfortable of journeys, while its smart hull design keeps the waves in the sea and out of the boat. The DieselJet's ample space also means there's always plenty of legroom and luggage storage.

With the DieselJet, the journey to your yacht is a combination of grace and exhilaration – the perfect start to your guests' time at sea.

Made for each other.

The world's best yachts are built with Williams in mind, making our jet tenders a seamless extension of your onboard life, designed to fit and perform exactly how you need them to.

Our long-standing relationship with yacht builders means our tenders fit seamlessly with their garage systems, ensuring style, practicality and performance come as standard, but the experience of a Williams tender remains uniquely special.

The world's best
yachts are built with
Williams in mind.

Uninterrupted luxury.

The exceptional experience shouldn't stop at your yacht.

The DieselJet has been designed to ensure the luxury on board your yacht continues through to your tender.

With its abundance of space, ultimate dry ride, luxurious seating and high-performance Yanmar engine, the DieselJet is the ultimate combination of people-carrying practicality and rip-roaring performance.

And because it runs on diesel, like your yacht, there's no need to carry separate fuel loads.

Thanks to its many customisable options, from installing extra equipment to having your yacht's name emblazoned on the tubes and seating, your DieselJet will always be unique to you.

Space, power and performance come as standard.

The feeling should be uniquely you.

Handcrafted and bespoke.

Select custom colours, fixtures and finishes to ensure your tender looks and feels like yours.

DIESELJET 415

LOW PROFILE MODEL AVAILABLE

Ever since we launched our first DieselJet, there's been demand for a smaller model to bring the practicality and comfort of the range to owners of 22-metre (75ft) yachts.

The DieselJet 415 is the result. At just over four metres long, it carries six passengers with ease, along with 68 litres (18 US gallons) of fuel.

But its smaller size doesn't compromise performance – its 110hp Yanmar engine means you can feel the signature thrill of a Williams tender whenever the feeling takes you.

DIESELJET 445

LOW PROFILE MODEL AVAILABLE

Completely redesigned for 2021. An overhauled helm with centrally mounted Raymarine display puts you in complete control. Slash-cut tubes make the ride look and feel even sleeker. And larger bathing platforms and extra grab handles make boarding and bathing a breeze.

And with more storage, new upholstery, and space for another passenger to ride in ultimate comfort, the best diesel tender just got better.

DIESELJET 505

LOW PROFILE MODEL AVAILABLE

The DieselJet 505 is a master of comfort and practicality. Its cleverly engineered layout means eight passengers can stretch out and still have plenty of space to store their belongings.

As with all DieselJets, the 505 offers easy boarding, with its multiple boarding platforms and grab points – perfect for nighttime excursions or for those who are a little nervous at sea.

This sense of security carries on inside the boat, with hand holds and leg bolsters to keep you firmly in place, so you can focus on just enjoying the ride.

505 SOLAS also available.

DIESELJET 565

LOW PROFILE MODEL AVAILABLE

If you own a superyacht over 35 metres, you need a tender equal in stature. That’s where the DieselJet 565 comes in. With its larger hull and abundant seating, the 565 mirrors the splendour you’re used to on your yacht. Which means its nine passengers can luxuriate in comfort, whether planing nimbly over the waves or slipping gracefully into harbour.

But if you want to put the throttle down, its 150hp Yanmar engine packs the signature Williams punch. And to make matters even more exhilarating, you can upgrade to a blistering 195hp engine.

565 SOLAS also available.

SPECIFICATION

LOA

5.71m / 18ft 8in

BEAM

DIESELJET 625

LOW PROFILE MODEL AVAILABLE

The pinnacle of style and comfort, the DieselJet 625 takes cruising in its stride, ironing out the swell with ease.

As the largest DieselJet, with a 140-litre (36 US gallon) fuel capacity, it carries up to 11 people in trademark style and comfort.

But don't be fooled by its generous size: the 625's thrilling performance delivers whip-sharp turns and high-speed manoeuvres. Just tell your wakeboarder to hold on tight – especially if you select the 230hp engine upgrade.

625 SOLAS also available.
